20a. How does the Committee accomplish its purpose?

(1) Conduct a review of the MEI inputs and categories. (2) Conduct a review of the MEI input and category weights. (3) Conduct a review of the MEI price-measurement proxies.(4) Conduct a review of the MEI productivity adjustment. (5) Not later than 11 months after establishment of the Panel, issue a report summarizing the recommendations based on the reviews described above.

20b. How does the Committee balance its membership?

Panel will consist of up to seven members and may be composed of, but not necessarily limited to, representatives of government agencies (such as the Bureau of Labor Statistics and the Bureau of Economic Analysis), members of the Medicare Payment Advisory Commission, researchers, and other independent experts. Specific expertise relevant to the mission/function of the Panel includes: Medicare “fee-for-service” reimbursement, price indices and productivity adjustments. Since the Panel's recommendations may affect both government agencies and non-government organizations, CMS will strive to develop a committee membership that represents views across the Health Care industry. Membership balance is not static, and the expertise or experience relevant to the mission/function of this Panel may change over time, depending on the work of the committee.Federal employee members of the Panel will be designated as Regular Government Employees. Non-federal employee members will be appointed as Special Government Employees.

20c. How frequent and relevant are the Committee Meetings?

There were three meetings during FY2012 (May 21, June 25 and July 11).

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Panel shall conduct a technical review of the Medicare Economic Index (MEI), including the inputs, input weights, price-measurement proxies, and productivity

adjustment. The Panel will be asked to assess the relevance and accuracy of these inputs to current physician practices. The Panel's analysis and recommendations will be considered for future rule making to ensure that the MEI accurately and appropriately meets its intended statutory purpose. The panel will not consider issues such as replacing the price index with a cost index, or other issues that lie outside the limits of the Centers for Medicare & Medicaid Services' statutory authority, such as replacing the Sustainable Growth Rate (SGR) formula with the MEI. Following the technical review meeting(s), the Panel shall issue a report that summarizes its recommendations for the Medicare Economic Index.

20e. Why is it necessary to close and/or partially closed committee meetings?

No committee meetings were closed to the public

21. Remarks

The Panel's first meeting was held on May 21, 2012.
